

3 October 2025

Dear parent/carer,

SCHOOL UPDATE: FRIDAY 3 OCTOBER

What a week it has been! We were delighted this week to participate in a pilot Ofsted Inspection on Monday and Tuesday. It was a very positive experience and we were able to celebrate many of the positive improvements taking place at our school. Thank you to those parents who chatted with the inspectors on the first morning. As I mentioned last week, because this is not a formal inspection, there were no judgments made and no written report will be written. However, we have learned a great deal through our discussions with the inspectors and will be using this to motivate us on our journey forward. Throughout this process, we received amazing support from the team at the Greenshaw Learning Trust. It is great to be a part of a multi-academy trust that is passionate about making a difference by developing our children.

This week also saw the start of some work on the playground which could not take place over the summer. We (children and adults) are so excited to have new astroturf laid on the ball court and new shelters on the playground. The ball court still needs to settle for a few more days but I hope it can be in use at last by the end of the coming week.

Next week, our Year 6 pupils will have a special workshop on travelling safely on public transport. That's an important life skill. Also next week, there will be a special parent coffee morning in the Hall on **Wednesday 8 October from 9am**, organised by the Wellness Warriors of St. Helier. Please come and join us!

Finally, I shared with pupils today in assembly the importance of having names in their jumpers and cardigans. We are already amassing quite a bit of lost property this term and all of these are unnamed items. Please help us to get lost clothing back to the owner by putting your child's name inside! Thank you!

I wish you all a lovely weekend!

Best wishes,

Mr. Walters, Headteacher
