

8 May 2026

Dear parent/carer,

SCHOOL UPDATE: FRIDAY 8 MAY 2026

It's been a shorter school week after the May Day Bank Holiday but we have still managed to pack in lots of wonderful learning. Some pupils in the upper school have been reading the fun poem 'Jabberwocky' in their English lessons, while in Year 2 today the pupils have been pretending to be waiters at the 'Tweeddale Cafe' - taking customer orders and using commas accurately. I have also enjoyed watching pupils in Year 3 learning all about counting money in Maths - a very useful life skill!

There is some exceptional talent around at Tweeddale. I want to give a huge congratulations to George, one of our Year 4 pupils, for helping his team win the Sutton Little League Cup final and also winning the Parents' Player of the Season and Goal of the Season trophies. What a talent! I know other pupils in our school have excelled at local sporting events in recent days, so if parents have any photos please send them to the School Office.

This week work has started to upgrade our Year 1 toilet block. These renovations are much needed and hopefully after half-term we will have some brand new toilets! More good news this week is that our swimming pool has been repaired and swimming lessons can continue. A huge thanks to Mr. Higgs for working his magic!

Next week is an important week for our Year 6 pupils, as they complete their 'SATs' tests. This stands for 'Standard Assessment Test' and cover English and Maths. These assessments are taken by all Year 6 pupils across the country and provide schools with national benchmarks so we can see how the pupils are progressing. Results are then published in early July. Our Year 6 pupils have been preparing well for next week and we wish them all the very best!

I wish you all a super weekend.

Best wishes,

Mr. Walters
Headteacher
